✉ basartuna35@gmail.com | ☎ (541) 458 1131 | 📍 İzmir, TURKEY

## Education

Isparta Uygulamalı Bilimler Üniversitesi

BS IN COMPUTER ENGINEERING

Isparta, TURKEY

01/2022 – Current

## Experience

i2i System

Istanbul, Turkey

INTERN

07/2024 – 08/2024

- I gained hands-on experience with advanced technologies such as Apache Kafka, Hazelcast, VoltDB, Oracle, Apache Ignite, and Spring Boot.
- As part of a 10-person team, we developed a microservices-based project following the Scrum/Agile methodology, enhancing both my technical and collaborative skills.
- Beyond technical expertise, I actively engaged in knowledge sharing by delivering presentations on key software development principles, including insights from The Pragmatic Programmer, and Refactoring.

## Skills

**Programming Languages:** Java, C#, C++

**Game Engine:** Unity

**Programming Books:** The Pragmatic Programmer-Andy Hunt, Dave Thomas, Refactoring-Martin Fowler, Kent Beck

**Version Control Systems:** Git

**Database:** MSSQL, Oracle, MySql, MongoDB, Redis, VoltDB

**Containerization:** Docker

**Data streaming Technology:** Apache Kafka

**Distributed Application:** Akka

**In Memory Data Grid:** Hazelcast

## Projects

Evrencell

Java, Apache Kafka, Hazelcast,

VoltDB, Oracle, Selenium

ONLINE CHARGING SYSTEM (OCS) PROJECT DURING I2I SYSTEMS 2024 INTERNSHIP.
